

March 1, 2011

Dear Brother/Sister Teamsters:

We've had enough: tax cuts for millionaires; outsourcing of American jobs; persistent extreme unemployment; broken labor laws; concerted and coordinated undermining of organized labor. *America's working class is under attack!*

It is time to fight back, time to create our own hope and change! Our movement needs a show of strength.

That's why we're planning a massive march and rally in Los Angeles — ***"Our Communities, Our Jobs"*** — on March 26. This is an opportunity to inspire our members, our allies, unorganized workers and the unemployed to demand good jobs, workers' rights and a fair economy for all.

We are mobilizing our members and anticipate that thousands of them will be on hand for this event. Already, a number of unions and the Los Angeles County Federation of Labor are working together to maximize participation and energize working families across Los Angeles, Southern California and the entire country to fight back.

This event must be powerful enough to rock people out of complacency, to bolster the courage of those disheartened. We need the full participation and support of all of organized labor and our allies. To that end I am inviting you to participate personally, mobilize your members, and contribute financial resources to ensure that the message is sent loud and clear: *Labor will not stand down! We can fight back -- and win!*

Teamster Director of Organizing Jeff Farmer is coordinating with our friends and allies for this event. Please contact him directly at 202-624-8718 to pledge your support and plan your participation. Thank you.
